The drawing shows a wireframe of a mobile application screen. At the top, there are three small rectangular boxes labeled "user uploaded pictures". Below them is a section for "Circle K" with five stars. A list of pros follows: "address", "2 miles from highway", and "clean, well-lit, safe". Underneath this is a testimonial from "Sally R says": "My family and I always stop here! Great stop, close to the highway!" Below that is another testimonial from "Mara D says": "I usually travel by myself, and I feel very safe stopping here. Clean bathrooms as well." At the bottom, a question "Select this stop?" is followed by three buttons: "Yes", "No", and a back arrow. A large circle is drawn under the "Yes" button.
